

ONE DAY FL3X CONFIG TRAINING

The FL3X Config software provides solutions for even the most complex of technical networking challenges. No matter what task you're dealing with – whether it's to do with restbus simulation, rapid prototyping, gateway nodes or many more – FL3X Config has the right solution. FL3X Config is intuitive and can be adapted to your own use case.

This training will provide all the basics, as well as tips and tricks to easily and effectively use FL3X Config in any situation. No prior knowledge is necessary and you can put into practice what you've just learned through a variety of practical exercises. Using a step-by-step approach, we'll show you the easy way to get started with our tool. Drawing on our exclusive expert knowledge, we will guide you deep into our user software. Adapted to your needs and use case.

Even experienced users can gain a lot from this training since FL3X Config is extremely versatile and offers a wide range of solutions.

We will clearly and simply explain how your solution behaves when in operation, so that in the event of any error, you can quickly isolate and determine the cause.

HIGHLIGHT

- Intense 1-day training session
- Numerous practical exercises allowing you to immediately put what you've learned into practice
- Suitable for beginners as well as advanced users
- Lots of tips and tricks for effectively using the tool
- Solution strategies and explanation of internal mechanisms of action for complex problems

FL3X Training FL3X Config

AGENDA

09:00 - 09:45 Components of FL3X Config

09:45 - 10:00 Break

10:00 - 11:15 Introduction to FL3X Config

11:15 - 11:30 Practical part I

11:30 - 13:00 Break

13:00 - 13:45 Realization of Gateways in FL3X Config

13:45 - 14:00 Practical part II

14:00 - 14:30 Manipulations of Bus/Network Traffic

14:30 - 14:45 Practical part III

14:45 - 15:00 Break

15:00 - 15:30 Visualization and Logging of Bus Traffic

15:30 - 15:45 Practical part IV

15:45 - 16:15 Debugging and Diagnostics of FL3X Config Projects

16:15 - 17:00 Optimizations / Tips & Tricks in FL3X Config & Troubleshooting

Product	Description	Order number
FL3X Training FL3X Config (@ STAR)	1 day training on FL3X Config at STAR ELECTRONICS location	3-00200P01
FL3X Training FL3X Config (@ Customer)	1 day training on FL3X Config at customers location	3-00200R01
FL3X Training FL3X Config (Online)	1 day training on FFL3X Config online	3-00200T01
